PAI NI KUNDRA

Biotechnology, Food Science, Microbiology, Nutrition, Vitamins, Metabolomics

PERSONAL STATEMENT

I am a Scientist with a Ph.D. in gut microbial biotechnology from ETH Zurich and I bring 7 years of research and scientific writing experience. I possess in-depth knowledge of food and complex biological systems, and extensive hands-on experience in protocol development, molecular and analytical methods. As a published researcher, I am passionate about translating complex scientific concepts into compelling narratives. Combining my scientific expertise with strong writing skills, I am dedicated to crafting clear, engaging content that bridges the gap between cutting-edge research and public understanding, ultimately promoting scientific literacy and innovation.

KEY COMPETENCIES

- · Possess in-depth knowledge across various scientific disciplines, including food science, microbiology, nutrition, gastroenterology, probiotics, biotechnology and biology.
- · Proficient in translating complex scientific concepts into clear, engaging content, as well as translating scientific findings into actionable next steps.
- · Proficient in designing, implementing, and executing research projects, encompassing laboratory techniques, statistics and bioinformatics.
- Proven ability to collaborate effectively with internal and external teams.

EDUCATION

ETH Zurich 2018 Zurich, Switzerland Doctorate (Ph.D., Dr. sc.) 2023 Supervisor: Prof. Dr. Christophe Lacroix **McGill University** 2016 Masters of Science (M.Sc.) Montréal, Canada 2018 Supervisor: Prof. Jennifer Ronholm **CGPA:** 3.87/4 2011

Guru Nanak Dev University

Bachelor of Food Science and Technology

Advisor: Prof. Bhartendu Singla CGPA: 8.7/ 10 (Gold medalist)

Amritsar, India

WORK AND RESEARCH EXPERIENCE

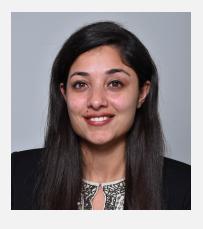

Sep 2018 Jun 2023

Scientific Assistant ETH Zurich

• Supervisor: Prof. Dr. Christophe Lacroix

Zurich, Switzerland

- · Completed a multi-year research project investigating the modulatory potential of dietary and gut-microbially produced vitamin B9 and B12 on the complex gut microbiota, as well as on single next generation probiotic gut microbes.
- · Led the planning and execution of laboratory experiments, developed experimental and analytical methods (UHPLC-UV/MS), and analyzed metagenomic and other data types.
- · Completed project deliverables by preparing research findings for publication in scientific journals.
- · Presented research findings at scientific conferences, effectively communicating complex scientific concepts to diverse audiences.
- · Mentored Bachelor's and Master's students throughout their thesis projects, and facilitated a semester laboratory course, enhancing hands-on learning experiences.

AWARDS AND MEDALS

Gold medal (Bachelor Studies) University topper 2015

Poster presentation award Second prize. Green tea ice cream Presented at science exhibition 2015

COMPUTATIONAL SKILLS

Bioinformatics skills: metagenomic data analysis Programming: R, Bash Version control: git Project management: GitHub

LANGUAGES

English (Native, C1) German (Written A2, spoken B1) Hindi (Native) Punjabi (Native)

Palni Kundra

R⁶ Palni_Kundra

pkundra

May-Sep 2017

Graduate research project

McGill University

Montréal, Canada

- Supervisor: Prof. Jennifer Ronholm
- Conducted whole-genome SNP-based analysis to identify changes under laboratory conditions in major foodborne pathogens responsible for global outbreaks.
- Provided support for preparing the manuscript for publication.

Jan-Feb 2015

Student research assistant

Guru Nanak Dev University

Amritsar, India

- · Supervisor: Prof. Pankaj Gupta
- Developed an innovative food product Green tea ice cream.
- · Performed sensory and organoleptic evaluation.
- · Presented the product at scientific conference.

Jul 2014

Student research assistant

Guru Nanak Dev University

Amritsar, India

Mar 2015

· Supervisor: Prof. Bhartendu Singla

• Developed various innovative soy-based food products to enhance gluten-free product.

May-Jun 2013

Research internship

Indian Council of Agricultural Research

Q Ludhiana, India

- · Supervisor: Dr. Pranita Jaiswal
- Applied a non-destructive quality control approach to a develop spectrophotometeric method for the detection of Soy-milk adulteration in cow milk.
- · Performed spectrophotometer analysis.

Jun 2013 & Jul 2014

Industrial internship

Markfed Canneries

Jalandhar, India

• Performed microbiological testing and applied quality control assurance techniques.

Jun-Jul 2013

Industrial internship

Verka Milk plant

Jalandhar, India

• Performed microbiological testing and applied quality control assurance techniques.
